## OUR AMBASSADOR IN DANGER ZONE

Ship with Gerard on Board is Far off Her Regular Course.

(BY A. P. NIGHT WIRE.)

NEW YORK, Oct. 9.—Wireless reports from the Anchor liner Cameronia and the Frederick VIII of the Scandinavian-American line, received here tonight, indicate that the steamers are proceeding to this port well off their customary courses. Both have heavy passenger lists, that of the Frederick VIII including James W. Gerard, the American Ambassador to Germany, and Mrs. Gerard.

NO FALSE HOPES.

Mr. Gerard will report that Germany is nurturing no false hopes or delusions on this point. She does not believe peace is a likelihood or will be a probability for a long time, so she is concerning herself with means of war, ignoring the plans for peace.

Therefore, it is proper to say the diplomat's visit has to do more with the war and the possibility of our becoming involved than it has to do with peace through our agency. It is, of course, true that the Ambassador has received a communication from the Kaiser and the members of the German government on the subject of ending the war, but these are all indefinite and formulated in plans lacking any immediacy.

On the other hand, I am able to state that the real purpose of the Ambassador's journey is to present to the administration in concrete form what every intelligent visitor to Germany recently had been impressed by—the sure and rapid weakening of German opposition to a "rueksichtslos" U-boat campaign and the deliberate preparations being made to resume the practice of attacking shipping in the waters of the Lusitania, Arabic and Sussex.

## WARNING TO ALLIES

Don't be Too Confident, Caution.

Central Powers not Defeated with Reverses Along the Western Front.

London "Times" Deprecates Undue Jubilation Over Somme Success.

(BY ATLANTIC CABLE AND A. P.)

LONDON, Oct. 9.—The Times sounds a warning against undue jubilation over the progress of the allies on the western front. It gives two reasons why successes in this theater should not be overrated: "First, the possible perils of Rumania to whom it is difficult to furnish direct help, and second, the failure of the allies to sever the German road to the east, the creation of which was the principal object for which Germany went to war."

On the battlefronts in Europe, Transylvania and Macedonia continue for the moment the centers of greatest interest. According to Berlin, the Rumanians in Transylvania are retreating along the whole line. The Teutonic allies have recaptured the town of Toerburg, fifteen miles southwest of Kronstadt and within seven miles of the Rumanian border. In the Danube, north of Sibova, the Germans have occupied an island, taking six guns and making prisoners of the Rumanian troops there.

Serbian in considerable force have crossed the Cerna River in Serbia and captured the town of Skochiv, southeast of Monastir and also have occupied positions along the north bank of the river. Considerable hard fighting has again taken place in the region west of Lusk and farther south in Galicia, but the results are somewhat clouded by reason of contradictory reports of the War Office statements. Petrograd says the Russians at some points in Volynia succeeded in entering Austro-German positions east of Vladimir-Volynski, but Berlin reports that these attacks failed with sanguinary losses to the Russians. In the Carpathians the Germans have made an advance at Babadova.

Violent reciprocal bombardments are in progress in the Somme region of France. Infantry attacks have taken place, but no important gains have been chronicled.

LAMBROS WILL FORM NEW GREEK CABINET.

(BY ATLANTIC CABLE AND A. P.)

ATHENS, Oct. 8 (via London, Oct. 9, 12:30 p.m.)—Prof. Spyridis D. Lambros has agreed to undertake the formation of a Cabinet which probably will include one or two other university professors. He declares the new Ministry must be separated wholly from the present political strife.

AUSTRIAN WARSHIP BLOWN UP, REPORT.

(BY ATLANTIC CABLE AND A. P.)

PARIS, Oct. 9, 5 a.m.—One of the largest Austrian warships blew up recently at Pola, according to a press dispatch from Zurich. The dispatch says refugees from Dalmatia brought the news to Switzerland, but they did not know the cause of the explosion.

GERMAN SOCIALIST SHEET SUPPRESSED.

(BY ATLANTIC CABLE AND A. P.)

AMSTERDAM (via London) Oct. 9, 9 p.m.—According to the Telegraf, the Vorwaerts, the German Socialist organ, has again been suppressed.

AMBASSADOR PAGE ARRIVES IN LONDON.

(BY ATLANTIC CABLE AND A. P.)

LONDON, Oct. 9, 4 p.m.—Walter Hines Page, the American Ambassador to the Court of St. James, accompanied by Mrs. Page and their son and daughter, arrived in London today.

LOW BIRTH RATE AND SELFISHNESS.

(BY A. P. NIGHT WIRE.)

BERKELEY, Oct. 9.—Reasons of selfishness and not of economics are responsible for low-birth rates in the "middle and more intelligent" classes, according to Prof. S. J. Holmes of the zoological department of the University of California, who announced today that the race is destined to subnormality unless race suicide among those classes ceases. Holmes sees a tendency toward a standardized family of two children and quoted the low Vasar College marriage statistics to prove the burden of raising well-provided children was being thrown on the few.

## The Thrill of the Hour.

## GERMAN BLOCKADE IN AMERICA SPELLS A PROTEST TO BERLIN.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

WASHINGTON BUREAU OF THE TIMES, Oct. 9.—The gravity of the situation created by the unexpected raid of the German U-boat or boats on merchant vessels just off the American coast, appeared tonight to depend entirely upon the extent of the submarine operations.

If, as is believed in some quarters, there is only one submarine on this side of the Atlantic and its career will be short, even though spectacular, officials here say there is little cause for worry, providing the commander respects Germany's promises to the United States; on the other hand, if there is a fleet of ocean boats on this side of the ocean now, prepared to cruise back and forth along the coast and to attack

all vessels leaving American ports, many officials feel that even the respecting of the promises made to the United States will not serve to allay feeling of resentment in this country.

COMPLAINT TO LONDON.

Although it admitted the right of Great Britain to patrol the coast, providing its steamers kept outside the American territorial waters, the United States last year sent a vigorous letter to the London government, complaining about the hovering of a British cruiser just outside of New York harbor, where she stopped every outgoing and incoming ship. Great Britain was informed that feeling of resentment was growing and the administration might not be able to control it if the ship continued its practices. Although the London government made an equally vigorous reply to the American note

of warning, defending the practice and refusing to draw any distinction between waters near America and those in other parts of the world, it withdrew the cruiser.

American harbors are still watched but not so closely as in the instance complained of.

Although they did not pretend to speak for the President, who assumed personal charge of the situation at his summer home today, officials here generally expressed themselves as satisfied with the manner in which the German commander has regarded his country's pledge to the United States. They took occasion to point out, however, that if the operations of the U-boat are continued as successfully as they began, Germany will in effect establish a blockade of American ports and this may arouse a demand for a protest.

## PRESIDENT SUMMONS LANSING TO CONFER ON U-BOAT RAIDS.

(BY A. P. NIGHT WIRE.)

LONG BRANCH (N. J.) Oct. 9.—Secretary Lansing, it was announced tonight, will come here tomorrow for a conference with President Wilson concerning German submarine raids off the American coast. Mr. Lansing is expected to remain overnight at the President's summer residence.

The announcement that the Secretary of State would confer with the President confirmed the impression gained earlier in the day that the American government would be making a full investigation before attacking the submarine attacks are continued.

STATEMENT.

The position of the American government and its determination to make a full investigation before attacking the submarine attacks are continued.

## VILLISTA BAND IS CLOSE TO GEN. PERSHING'S LINE.

(BY A. P. NIGHT WIRE.)

FIELD HEADQUARTERS AMERICAN EXPEDITION (by radio to Columbus, N.M.) Oct. 9.—A band of Villa followers of unknown strength is reported at Galeana, within ten miles of the line of communication between the punitive expedition headquarters and El Valle, the southernmost camp of Gen. Pershing's troops.

Advices received at headquarters also state that Julio Acosta, a Villa leader, has occupied Madera, where a valuable lumber plant owned by English capitalists is located.

Reports that Villa himself with 1800 men is at Guerrero are also at hand. Villa's band is said to contain a large number of unarmed men who had been forced to accompany him.

Only Carranza troops known here to be in the Santa Maria Valley are at El Valle and no movement by them is reported.

## ANTI-CARRANZA RISING RUMORED.

EL PASO, Oct. 9.—On the strength of stories brought to the border from Chihuahua City, a rumor spread through El Paso tonight that the Constitutionalist garrisons throughout Mexico intended tonight to turn over to the Legalista party and depose Carranza.

It is said that the Legalista name covers members of the old Cientifico or wealthy Diaz party and other disgruntled factions.

Villa, according to the report, has no other interest in the movement than to see Carranza deposed. He would keep away from the American border and act as a minor chief.

The original date for the uprising was set for October 18, but was changed suddenly for tonight, said a member of the Legalista junta.

## JAP DEMANDS ALARM CHINA.

(BY PACIFIC CABLE.)

PEKING, Oct. 9.—The Chinese press expresses alarm at the insistent manner in which Japan is pressing the demands made in consequence of the recent clash between Chinese and Japanese troops at Cheng Chiatung, Manchuria. The newspapers voice the fear that the new Japanese Cabinet will adopt an aggressive attitude.

Baron Hayashi, the Japanese Premier, visited the Foreign Office today and discussed with Chen Chin Tao, Chinese Minister of Finance, the Cheng Chiatung demands. Baron Hayashi emphasized Japan's demand for police rights in Inner and Southern Manchuria and in Eastern and Inner Mongolia. The Japanese seek the right to station police at such places as Tokio considers necessary for protection and control of Japanese residents. They also demand the employment of Japanese police advisers in Southern Manchuria and Eastern and Inner Mongolia.

Chen Chin Tao gave no definite reply, saying action by the Cabinet was necessary.

## NO BRITISH CRUISER SUNK.

(BY A. P. NIGHT WIRE.)

NEWPORT (R. I.) Oct. 10.—The strict censorship put on all radio communications and on statements by officers and men of the American fleet was the cause of a big crop of rumors yesterday. The most persistent was that concerning the sinking of a British cruiser.

Some reports had it that more than one cruiser had gone down and the stories were so circumstantial that the ban on comment by naval officials was lifted long enough for one officer of high rank to state that such reports were absolutely without foundation.

A rumor that three British liners had been sunk met with a similar denial.

## DIDN'T THINK IT WAS LOADED.

(BY A. P. NIGHT WIRE.)

PRESIDIO (Tex.) Oct. 9.—"It isn't loaded," exclaimed Trooper Henry Chicone, Troop L, Sixth United States Cavalry, today, as he placed his automatic revolver to his head and pulled the trigger. He died instantly. A moment before, while cleaning the weapon, he had jokingly pointed it at a comrade who remonstrated.

Chicone enlisted two years ago from Philadelphia and was known as the practical joker of his regiment.

## GERARD PASSES FIRE ISLAND.

(BY A. P. NIGHT WIRE.)

NEW YORK, Oct. 10.—The steamship Frederick VIII of the Scandinavian American Line, on which James G. Gerard, American Ambassador to Germany, and Mrs. Gerard, are passengers, passed Fire Island on her way to New York at 3:45 a.m. today.

Fire Island is about forty miles from the entrance to New York Harbor.

## SHIPPING WAR RISKS SUSPENDED.

(BY A. P. NIGHT WIRE.)

NEW ORLEANS, Oct. 9.—Local agents of New York and London marine insurance companies announced late today that war risks on vessels and cargoes out of New Orleans had been entirely suspended for the present, owing to the German submarine activities in the North Atlantic.

## Crime is Increasing in the United States as a Result of the War in Europe.

WHOLESALE SHIP RAID  
BY SINGLE SUBMARINE.

U-53 Blamed Entirely for the Sinking of Six Vessels, Possible Three More.

NEWPORT, Oct. 9.—There was a flurry of excitement tonight when the destroyer Sampson received orders to proceed to Buzzard's Bay. The purpose of the trip was not announced but it recalled at once the rumors circulated yesterday that a strange submarine had been sighted by fisherman in that vicinity.

NEWPORT (R. I.) Oct. 9.—The wholesale raid on foreign shipping south of Nantucket tonight Sunday was the work of one submarine, according to reports of American naval officers. Rear-Admiral Albert Gleaves, commanding the torpedo-boat destroyer flotilla which did such remarkable, speedy rescue work yesterday, said tonight that the reports of all his officers agreed that to the best of his observation no other vessel was concerned. This boat, presumably the German U-53, which called at Newport Saturday afternoon to mail a letter to Ambassador Bernstorff and then put to sea without taking on an ounce of supplies, although she had been seventeen days from her base, according to the statement of her officers.

INTERPRETATION. Admiral Gleaves said he could easily understand the positive statements of the captain of the Nantucket lightship and of sailors of the torpedoed vessels that more than one submarine was concerned. The U-boat, he said, was very fast and

appeared to have been handled cleverly. It was easy, he pointed out, for her to disappear on one side of a ship and then show up unexpectedly at another spot. Doubtless, he believed, she had submerged and reappeared often enough to mislead and to create the impression that more than one sea terror was operating.

RAIDING CEASES. Today the raiding had ceased, at least for the moment. The known list of the victims of the U-boat's Sunday exploits remains at six, notwithstanding reports from the Nantucket lightship that three other ships, the identity of which could not be learned, were sent to the bottom. There also was a persistent rumor, without verification, that a British cruiser, one of the allied patrol sent to the submarine zone, had been attacked.

Ten more refugees were landed here tonight by the Manville, destroyer tender, which picked up ten

PRISON FOR AUTO DEALER;  
DIDN'T STOP AFTER CRASH.

SAN JOSE, Oct. 9.—Antonio Fodera, a San Francisco automobile dealer, was sentenced today to five years in San Quentin prison for failure to stop and offer assistance after a collision with the Santa Clara University student, last October, in which Zepeda was killed and Joseph Ottens was injured.

Following the sentence, A. M. Free, District Attorney, said that he asks the grand jury to indict the defendant also on charges of manslaughter.

TOLL OF THE SUBMARINE;  
LIST OF SHIPS IN DANGER.

NEW YORK BUREAU OF THE TIMES, Oct. 9.—Following is the list of known ships sunk by the German submarines off Nantucket:

Stephano, British passenger liner, 2144 tons gross.

OUR PRISONS CROWDED;  
POLICE OVERWORKED.

Frightful Developments in Social Situation in America Detailed by Lyon.

UPPER MERIDEN, N. Y., Oct. 9.—Crime is increasing, as is shown by overcrowded prisons throughout the country, and the fact may be traced in large part to the influence of the European war, according to the report of the committee on discharged prisoners, presented by F. Emory Lyon, chairman, to the American Prison Association at its conference here today.

After discussing the efforts that were being made to provide friendly guardianship of discharged prisoners, as well as those on probation or parole, and pointing to the need of still further co-operation, Mr. Lyon said:

"Meanwhile, and doubtless in part because we have not approached the question from a sufficiently friendly standpoint, crime has been increasing. This is no idle assertion, as there has been made several times, but rarely justified, or verified. Until the past two years, as a matter of fact, there was little, if any, evidence that crime was increasing faster than the natural increase in population. The count of our penal institutions has remained about the same for nearly a generation.

PRISONS. "But within these two years, nearly every prison of the country has become crowded. One State in the Middle West has a thousand more convicted felons today than it had two years ago. The prison population of other States and of the Federal institutions have similarly increased. If it were not for the fact that some 10,000 men in the different States are at work upon honor farms and at road-making, the overcrowding would be more apparent than it is.

"One may cite numerous indirect causes for this increase. There is the continued lack of home-training and control; the absence of vocational education; the insufficient facilities for recreation; the general unpreparedness of youth for the responsibilities of life.

"A large contributing factor is found in the intermittent employment and limited wages available to the average unskilled workman. Worse still is the chronic condition of unemployment which has prevailed until within a few months.

INCREASE IN CRIME. "A still more striking cause of the increase in crime in the great war, is to be found in the great war. With a dozen nations at each other's throats, destroying life and property at an unprecedented rate, can there be any other result than the lessening of the sense of the sacredness of human life, and indifference as to the importance of material values? If the average citizen becomes more callous over the accounts of human suffering, and the slightly less than normal, more easily influenced, and less alive to the higher sensibilities and untrained in ethical standards?

"The war, therefore, with all its other burdens, is doubtless bringing its harvest of crime in all countries, and this harvest will continue beyond the present generation.

"With this growing problem before us, there is need for all the wisdom and conscientiousness of individual citizens, the efforts of all agencies, and the application of all principles of prevention, and the utmost efficiency of systems of correction."

The medical examination of all

Stopped.

AMERICAN SHIP KANSAN  
IS ALLOWED TO GO ON.

BOSTON, Oct. 9.—The American steamer Kansan, which was stopped by a German submarine off the Nantucket lightship early Sunday morning and later allowed to proceed, arrived here today. Capt. E. L. Smith and members of the crew said they were unable to de-

termine the identity of the undersea boat, no name or number being visible. Some of the crew, however, when shown a photograph of the U-53, which put into Newport on Sunday evening, said the submarine which stopped the Kansan was another type, having a different arrangement of masts.

RED CROSS STEAMER  
SUNK BY SUBMARINE.

NEW YORK, Oct. 9.—An official telegraphic report of the sinking of the Red Cross liner Stephano was received here today by Bowring & Co., agents of the line, from Capt. Smith, master of the vessel. The report stated:

"A submarine was sighted at 6 p.m., weather hazy. At 6:05 she fired four shots at the ship, then being about three-quarters of a mile distant. We launched six lifeboats, and at 6:15, with passengers and crew, were clear of ship and went aboard American destroyer. At 6:30 the submarine ran alongside the Stephano and boarded her. At 9:38 the destroyer opened fire and began to shell the Stephano, which was being fired. She then was torpedoed, sinking at 10:05 p.m."

ITALIAN STEAMER  
LOST ON A REEF.

MADRID, Oct. 9 (via Paris, 5:05 a.m.).—The sinking of the Italian steamship Alberto Treves is reported in a dispatch from Corunna to the Liberal. In a fog the steamship struck Malidros reef near Muros, in the province of Corunna. The captain and crew of twenty-three were rescued.

The Alberto Treves, 3328 tons gross and 340 feet long, was engaged in traffic between Spanish and South American ports.

RICH PICKINGS  
FOR A U-BOAT.

THIRTY STEAMSHIPS IN THE  
PATH OF THE U-53.

Vessels inbound are in Ballast or Lightly Laden, but Those En Route to Europe are Carrying Heavy Cargoes and Most of It is Classed as Contraband of War.

NEW YORK BUREAU OF THE TIMES, Oct. 9.—The U-53 and other submarines lying in wait for commerce off Nantucket have shown a field full of rich pickings. Thirty steamships, passenger and freight, most of them bound to this city from foreign ports, are within reach of the U-53. Many of the freighters are not equipped with wireless and know nothing of the danger.

The ships bound for New York are in ballast or lightly laden, but every vessel bound out has a full cargo and most of the freight is contraband. Nearly all the ships fly the flags of nations at war with Germany.

Guy Quant, a British naval attaché stationed here, said many reports have reached the British Admiralty this summer that the German navy officers believe the submarines somewhere along the New England coast. These reports have been investigated by British and American secret service men, but no trace has been found of the mysterious alleged base. Many British naval officers believe the U-53 has a hiding place in United States waters to which it can escape too easily to be traced by a British cruiser. Among the steamships due to arrive at New York are the following: The British liner Cameron of 10,465 tons, the Scandinavian liner Frederick VIII, which has Ambassador Gerard aboard, and the French liner Espagne from Bordeaux with Admiral Bernhardt.

The French liner Villi was 600 miles east of New York yesterday at noon. These three ships are scheduled to arrive at Scotland Light tonight and dock tomorrow morning.

Among the freighters due are a Japanese steamer, the Tsuruga Maru of 4000 tons bound here from London, the first of a series of Japanese freighters to start a service between New York and England. The Lamport and Holt liner Verdi of 4878 tons, one of the sister ships of the Vandyck, sunk by a German cruiser off the South American coast early in the war, is expected to arrive at 10 and should be off the New England coast today.

And soon as the service is ended, the work of counting the money will begin, and the total will be announced at a meeting Thursday afternoon. The principal address of the mass meeting will be delivered by Bishop Brent of the Philippines.

The money will be devoted wholly to work by women missionaries.

Religious service for women will be held this afternoon at 4 o'clock in the Episcopal church.

These funds have been accumulated for the relief of the women of the parish societies in the hands of the diocese officers and on Thursday the treasurer of the diocese will place an envelope containing the entire offering for the diocese in the collection plate.

INEFFICIENCY  
IN CHURCH.

Division and Wantfulness are Also its Reproach.

Striking Address by President W. F. Richardson.

Triennial Convention of the Woman's Auxiliary.

(BY A. P. NIGHT WIRE.)

DES MOINES (Iowa) Oct. 9.—

Division, wantfulness and inefficiency today is the reproach of the church, declared W. F. Richardson, president of the General Convention of the Churches of Christ, in his opening address here today to the fourth annual meeting of the Woman's Auxiliary.

Richardson also pointed to the annual convention of the churches as the best means toward "remedying this unfortunate condition." He also pleaded for unity in the realization of the legitimacy of a missionary work, which he said the churches may fulfill their duty.

Richardson also reviewed the accomplishments of the General Convention of Churches of Christ and pointed out the scope of its future intentions.

SIGNIFICANT FACT.

"It is a significant fact," he remarked, "that our movement has been marked in America. We are the only religious body of considerable strength that was not transplanted from European soil. The General Convention of Churches of Christ must lend its influence to make the democracy of the disciples of our Lord more evident and more efficient."

Speaking further of unity of action, Richardson declared, "our vast, unlimited natural resources, rapidly increasing population and inventive genius do not insure us against defeat, unless we develop ourselves that self control, that command of our resources that unity of action which make all else effective."

"We must find some better way to assimilate the population, that we may convert them from a menace into an asset. In the language of an observer, 'the melting pot of the nations,' but we know that there is not fire enough under the pot to melt the hyphen, alone the foreign names which link themselves with the word American."

It is more our fault than theirs."

WOMAN'S AUXILIARY.

ST. LOUIS, Oct. 10.—More than 400 delegates from all parts of the country registered today for the triennial convention of the Woman's Auxiliary to the Board of Missions of the Protestant Episcopal Church.

The Woman's Auxiliary meets in St. Louis concurrently with the meeting of the general convention of the Episcopal Church, which will assemble in its first session Wednesday morning.

Every diocese in the Protestant Episcopal Church is entitled to five delegates to the convention of the Woman's Auxiliary, and more than 400 delegates are expected to attend the convention.

In addition, nearly 500 visitors have registered that they would be present.

A religious service for women will be held this afternoon at 4 o'clock in the Episcopal church.

# Your Part in the Shattered World's Record

Likely you were not one of the 40,000 persons who sprang cheering to their feet as Johnny Aitken's volleying Peugeot, leading a field of 31 starters, shot across the finish line in the Astor Cup Race at the Sheepshead Bay Speedway last Saturday.

Likely you were not one of the frantic throng that thundered its tribute to the man who had capped the speed-effort of five thousand years—who had smashed every record above 50 miles by driving the 250-mile classic at the astounding rate of 104.66 miles an hour—the fastest pace for this distance since the world began.

But more than likely you are one of the three million American Automobile Owners for whom this brilliant performance and its contributing factors have a direct lesson.

***Aitken drove his race, and won it, on Goodyear Cord Tires.***

Rickenbacher, who flashed past the checkered flag in second position at the wheel of a Maxwell, also rode Goodyear Cord Tires.

Neither Aitken nor Rickenbacher touched his tires during the whole course of the race. And two of the tires Aitken rode were used by him in winning the Cincinnati Sweepstakes on Labor Day!

**Not one of the seven cars wearing Goodyear Cords in the Astor Cup Race halted an instant for tire trouble.**

Now consider the fact that these Goodyear Cords, in carcass and stock, are identical with the ones you buy!

The quality that stood the burning, tearing, grinding punishment of 250 miles, over an edge-to-edge board course at the amazing pace of more than a hundred miles an hour, is standard.

The materials that sustained the hardship and stress of the fastest race of this distance the world's tracks ever saw, are in every cord tire we build.

**The endurance that served without faltering under the most ruthless and unmerciful**

pummeling that can be inflicted upon an automobile tire, is the portion of every Goodyear Cord user.

This is your part in the shattered world's record—the lesson that Goodyear Cord Tires are best for any car, for *your* car.

Their spectacular "one-two" victory at Sheephead Bay is not an isolated instance of their supremacy. The racing records of the past few months—De Palma's mark at the rate of 103 miles an hour on a one-mile track at Des Moines, Rickenbacher's winning in the 300-mile Tacoma event, Aitken's pace of 97.06 miles an hour in the 300-mile Cincinnati Sweepstakes, and so on—are formidable with additional proof.

Formidable with proof, not alone of stamina and hardihood—though these are paramount—but of the inbuilt speed, spring and exultant vitality of Good-year Cord Tires.

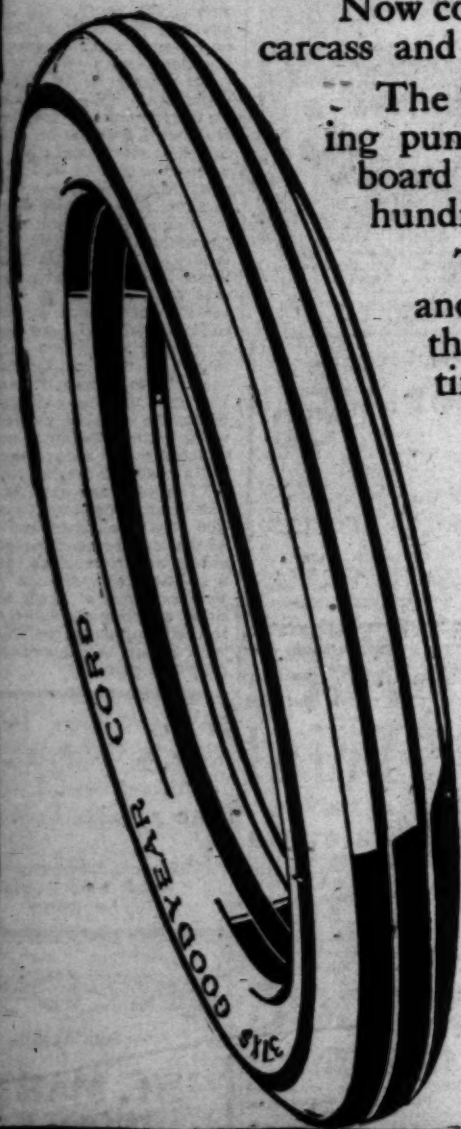

With proof of the very qualities that led to the adoption of these tires as standard equipment on the Franklin, the Packard Twin-Six, the Locomobile, the Peerless, the White, the Haynes Twelve, the Stutz and the McFarlan.

With proof that these tires—on track or road—are *better*.

## THE CITY

### AND ENVIRONS.

#### EVENTS BRIEFLY TOLD

#### On Charter Amendments.

The proposed amendments to the city charter will be discussed at a meeting in the Board-street school-house this evening, under the auspices of the Boys' Heights Civic League.

#### Veterans to Meet.

Members of the Veterans Association of Orange county will hold their annual meeting today in G.A.R. Hall in Santa Ana. There will be a business meeting at 10:30 a.m. and a camp fire program at 1:30 p.m.

#### Postponed Meeting.

Officers of the Missouri State Society announced yesterday that the meeting that had been planned for this evening has been postponed until next Tuesday evening. The place of meeting will be announced later.

#### Vermont Avenue Meeting.

A mass meeting will be held at the Chamber of Commerce the evening of the 18th inst. in the interest of making Vermont avenue a boulevard "from the mountains to the sea." The central organization behind the project has adopted the name Vermont Boulevard Association.

#### To Honor Founders.

Members of the Woman's Auxiliary of the McKinley Industrial Home will celebrate the birthday of Dr. Uriah Gregory, founder of the institution, Saturday, with exercises in Menell Chapel. Special Pacific Electric cars will leave for the home at 10:45 and 11:22 a.m.

#### Wanted—Household Goods.

Furniture and bedding are needed by the social service department of the county to supply several families that the charities committee have established in homes. Anything that will help furnish a home will be appreciated. The work is in charge of the outdoor relief division of the department of charities.

#### Red Cross Benefit.

The British Red Cross players will entertain with a vaudeville performance this evening at No. 527 South Hill street, for the benefit of the British Red Cross Society. The program will consist of a one-act comedy and a one-act farce. After the vaudeville there will be informal dancing. All are invited.

#### Ohio Society Meeting.

There will be a meeting of the Ohio Society this evening in the Fraternal Brotherhood Hall, to which all Buckeyes are invited. Three sketches by popular speakers and music will occupy the time between 8 and 10 o'clock, to be followed by several hours of dancing.

#### To Talk on Flowers.

Theodore Payne, creator of the wild flower garden at Exposition Park and author of the subject, will lecture Wednesday afternoon at 4 o'clock at Polytechnic High School on "California Wild Flowers." No admission will be charged and the public is invited.

#### On War Times Abroad.

Francis R. Jones of London, organizing secretary of the British Overseas Club for the United States and Canada, will speak on "Great Britain During War Times, or Providing Comforts for the Troops," at a meeting of British societies, to-morrow evening, in Trinity Auditorium. The meeting will be held at the auspices of the local Overseas Club.

#### Patron Club Meeting.

The members of the Women's Patron-Club met yesterday afternoon in the Hotel Clark for a discussion of campaign plans. Practical talks on methods of procedure were made by Mrs. J. C. Barthel of Ocean Park, Mrs. Gervase Purcell of San Gabriel, Dr. Rebecca L. Dorsey and Miss Mary For. The weekly meeting will be held at 5 o'clock to-morrow afternoon at the Clark.

#### Baseball with Lunch.

Baseball fans who wish to keep in touch with the scores of the national series now being played will be interested to know that the Alexandria has installed a special leased wire in the grill and the various plays will be announced as the games progress daily during the series. Announcements of the series will commence daily at 11:30 o'clock a.m. in the grill room. (See "Live Topics.")

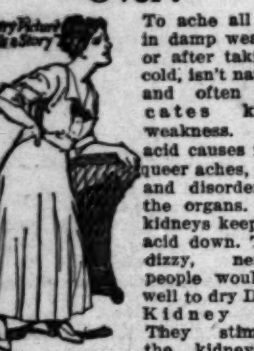

#### "Live Topics."

"Live Topics" was the subject discussed at the Shell Club, yesterday. Senator Thompson spoke on "The Most Important Legislative Issue." Reynolds E. Blight discussed the political issue, and Dr. D. G. Gander, the moral issue. Next Monday, B. R. Baumgardt will lecture on "The Trend of Modern Thought."

#### Woman's Club Luncheon.

Luncheon will be given by the Woman's City Club at Blanchard Hall, No. 245 South Broadway, at 12 o'clock noon, the remaining four days in October. Yesterday, John Francis Neylan, chairman of the

## Feel Achy All Over?

To ache all over in damp weather, or after taking a cold, isn't natural, and often indicates kidney weakness. Uric acid causes many aches, pains and disorders of the organs. Well kidneys keep uric acid down. Tired, dizzy, nervous people would do well to dry Doan's Kidney Pills. They stimulate the kidneys to activity and so help clear the blood of irritating poisons.

**Los Angeles Woman Says:**  
Mrs. J. E. Bennett, 228 S. Griffin Ave., says: "Owing to gravel stones in my kidneys I have had backache or trouble that was sure to result from the condition. There has been an aching in my back. Besides, I have had dull headaches and the cause I knew was due to my kidneys not being able to eliminate the poisons from my body. The kidney secretions contained sediment like brick-dust. Doan's Kidney Pills have promptly relieved me of every such attack."

**DOAN'S KIDNEY PILLS**  
50¢ at all Drug Stores  
Foster-McLure Co., Buffalo, N.Y.

State Board of Control, spoke to the members on "State Finances." A programme was given by the boys of the George Junior Republic. Next Monday Reynold Blight will give an analysis of the city charter amendments.

#### Democrats to Meet.

A Democratic dinner will be given tonight at Christopher's at 6:30 o'clock. J. B. Tallow will speak on the Wilson administration and Paul Hausman on conditions along the border.

#### BUSINESS BRIEVITIES.

Home economics course for young women no longer in school is now reopening at the Girls' Collegiate School, Adams and Hoover streets. It offers work for Monday and Wednesday mornings, in interior decoration, in household accounts (planning, furnishing the home, etc.), and in advanced cooking. This class is under the able direction of Miss Hyman, Miss Barr and Mrs. McDonald. For particulars address the school. Telephone, 24256 and West 717. Advanced classes in dressmaking, Taylor system, and millinery are also beginning, under Mrs. McDonald.

#### St. Catherine's School, resident and day school preparing for the Mari-borough and Girls' Collegiate schools, will reopen, as announced, on October 2, at Mrs. John D. Hooker's residence, No. 325 West Adams street, near the Grand avenue car line. The Italian garden will afford ideal out-of-door schoolrooms and playgrounds for the school. Automobiles will convey pupils to the school if desired. Miss Thomas will be at home from 9 until 2 daily or by appointment. Telephone: 23298, South 46.

Miss Ida B. Lindley has reopened the Marlborough Preparatory School, No. 438 West Adams street, opposite Chester place. Telephone 25810. The principal will be at the school daily from 10 to 4, or by appointment. Kathryn Montreuil-Cocke's School of Music has reopened. 2619 South Figueroa street. Telephone 21574.

## Vote Yes! HIGHWAY BONDS NEED IS TOLD

Auto Club's President Talks  
to Ironworkers.

Declares Roads Drawing Card  
for Colonists.

Outlines Wide Plans for the  
State's System.

Addressing 250 employees of the Baker Iron Works, President Fred L. Baker of the Automobile Club of Southern California, yesterday advocated the \$15,000,000 bond issue to complete the State highways now under construction.

Gathered in the dim spaces of the big iron works, in celebration of the general "red-hot" movement and in sympathy with the National Accident Prevention movement, the workers learned from President Baker why it is vitally important that the bonds should carry at the November election.

"While I do not favor extensive public improvements in a large measure, more bonds, I do believe it would be a grave mistake not to provide for the completion of California's State highway system, which is so well under way," stated Mr. Baker.

"It was originally specified that \$10,000,000 would be needed to give this State a complete system of good roads, owned and maintained by the State. Of this sum, just \$1,000,000 has been provided, while only \$15,000,000 additional is called for—much less than the originally planned total of \$10,000,000."

"With the completion of the highways, California will be provided with two long trunk lines stretching the length of the State, one along the coast and the other through the inland valleys. Like the rungs of a ladder, the lateral roads will connect these two trunk lines, making ample provision for commercial needs and for touring."

"It is shown at the headquarters of the Automobile Club that motor car travel from the East is developing by leaps and bounds, due to the improvement of roads and the placing of the signposts by the club along the National Old Trails highway westward from Kansas City."

"These visitors, he said, are becoming colonists, and are bringing wealth to the Coast, and in order to maintain the lead on the world which California now is taking, it really becomes incumbent upon the State to finish the highways now in process."

## Startling. SUPERVISORS ROW ON WATER RELIEF.

PROPERTY OWNERS DEMAND  
A NUISANCE ABATEMENT.

Street Sprinkling and Floods Cause Manchester and Moneta People Much Trouble. Women's Petition Tends to Politics, Say His Colleagues.

A delegation of property owners in the vicinity of Manchester and Moneta avenues, who demanded relief from flood and street sprinkling water which collects on those avenues, were started yesterday afternoon to hear two supervisors accuse another of trying to inject politics in the matter. The delegation wanted the supervisors to abate the nuisance.

The facts were put to the board by Attorney Morrison. A concrete curb in Manchester avenue and no outlet for the water in Main street seems to be responsible for the trouble. The delegation was informed by the Board of Public Works that the city had discontinued street sprinkling at the city limits October 1 and put on power cesspools.

Supervisor Norton remarked emphatically that if he owned property in that vicinity and a Supervisor dumped water on him as it was dumped on these people, he would raise Cain, or words to that effect. Supervisor Hinshaw, who has charge of the Manchester district, retorted seriously that Mr. Norton was trying to encourage damage suits.

Chairman Fridham said Mr. Norton was trying to inject politics into the matter.

"This water is deliberately put on this street," exclaimed Mr. Norton. "It should be taken off, not dumped there. If I lived down there I would raise all the trouble I could."

"The simply shows, Mr. Chairman," said Mr. Hinshaw, "that that kind of conduct, purposely put in to do politics, causes trouble."

"I am defending them as I would defend my own property," declared Mr. Norton. The dispute was ended by Chairman Fridham putting the matter to adjourn. Later Mr. Hinshaw met the members of the delegation and went thoroughly over the ground in an effort to relieve the situation.

## Something New. CABARET ON TRAIN FOR ANGELENOS.

INNOVATION FOR EXPOSITION.  
BOUND VISITORS.

Real Theatrical on Baggage Car, with Orchestra and Everything to Gladden Souls of the Chamber of Commerce Delegates to San Diego.

A perambulating cabaret. That is the innovation to be sprung next Saturday morning when several thousand civically proud Angelenos start for San Diego to attend Los Angeles County Day at the exposition—the last celebration in which Los Angeles will be a participant between now and the time the Southland exposition closes on January 1.

They have stenographers and barbers, and private baths, and circulating libraries, and telephones—and even ticker tapes which tell the latest stock market quotations—aboard trains nowadays, but it remained for William Tomkins, Los Angeles manager of the San Diego Exposition Bureau, and in charge of all plans for Los Angeles County Day at the exposition next Saturday, to create a precedent in transportable entertainment.

Mr. Tomkins has completed arrangements to have a complete cabaret show aboard each section of the big Santa Fe excursion, which will leave Los Angeles on the morning of the local exposition "blowout."

Skilled and pretty entertainers will be on the bill. There will be dancers, comedians, singers, musicians and monologists, and a smooth-waved floor, tables, and an orchestra to furnish music for the dancers.

Indications are that all attendance records for the exposition will be broken, for every Chamber of Commerce in sixty-seven cities and towns in the State has pledged its self to be represented by delegations ranging from a dozen to a hundred persons. The Los Angeles Chamber of Commerce hopes to send 500 of its members. The Merchants and Manufacturers' Association and the Realty Board also will be represented by big delegations.

"Los Angeles county is going to show her civic pride by sending a record-breaking crowd," says Frank Wiggins, secretary of the Chamber of Commerce, which is acting as chief booster for Los Angeles County Day at the exposition.

Big Broadway Show.

## ARTISTIC OBJECT LESSON OF THE HOME BEAUTIFUL.

APPLICATIONS for space in the Broadway Flower and House Beautiful Show, which will open the 31st day of this month in the old Boston Store Building, indicate not only an artistic and beautiful display on a big scale, but a pleasing variety of novelties, which will be interesting, because educational.

The Show Committee, which is receiving entries for competition in amateur and professional floral classes and applications for space

for special exhibits, started yesterday to prepare a comprehensive plan for the "home beautiful" combination which will be harmonious and different than anything ever before attempted.

Exhibitors of house furnishings and decorations will display everything that goes to make the home beautiful inside and will especially emphasize in their exhibits the many household accessories and fittings that make the home attractive and which are peculiarly adapted to Southern California.

In the floral classes there will be keen competition by amateur and professional gardeners of Los Angeles, Pasadena, Hollywood, Santa Monica, Long Beach, Van Nuys and many other communities. There are over 100 classes in which prizes are offered and the growers are now nursing their chrysanthemums, roses, dahlias and other flowers to get them up to high exhibition standard.

The thousands of people who visit the show will also have the opportunity to see special non-competitive exhibits, comprising the choicest specimens from world-famous gardens. It would require weeks of time and many hundreds of miles travel to see, under ordinary conditions, the choicest flowers and plants that will be grouped under one roof at this show.

The committee will begin to allot space in a few days and is emphasizing the importance of making entries or space application for any purpose without delay. The office of the committee is in room No. 3, Times Building.

## TRAP SUPPOSED BUNKO SHARPS.

Save Wealthy Rancher from  
Losing His Roll.

Old Race-track Swindle in  
Operation Here.

Elaborate Poolroom Raided by  
the Officers.

Kent Marshall, dressed in a walking suit, with his smart mustache and imperial daintily perfumed, was arrested yesterday by Assistant Chief George Home and detectives as he was about to receive \$5000 from a Minnesota farmer on an alleged race horse swindle.

With Marshall was C. H. Adams, also fashionably dressed. Marshall had nearly \$1000 in currency in his pocket when taken to the City Jail. The two men are held on suspicion. The capture of the men is considered one of the most important police catches of the year, and the credit is given to Assistant Chief Home, who handled the first complaint and carefully arranged the situation where Marshall was about to receive the money.

The intended victim is August Anderson, a wealthy rancher of Ogilvie, Minn. Ten months ago, he says, he lost \$1500 in a race horse bet. He reported to Assistant Chief Home he met Marshall, the man of leisure, several days ago, and was induced to bet on a race. Marshall, he says, took him to rooms in the Broadway Central Building, which were elaborately equipped with racing charts and telegraph instruments and other paraphernalia for a poolroom. He said he bet on a horse and Marshall reported the horse won, winning \$4500 for him.

When he asked to be paid off, he says Marshall delayed on the excuse he did not have the amount of money ready. Then they told Anderson he must first show the \$4500 which he bet on the race.

Anderson, after his first disastrous experience, told to Chief Marshall, with his suspicions. Assistant Chief Home, who has been instrumental in breaking up several gangs of swindlers, and has a record for having saved more than \$50,000 for prospective victims, immediately arranged for Anderson to meet the men and draw the money from the bank.

Yesterday morning, Anderson met Marshall and Adams. Both men were conspicuous for their air of prosperity. Behind them was Assistant Chief Home with two assistants. When Anderson received his money from the teller, and started to hand it to Marshall, Assistant Chief Home made the arrest. Office building was raided, and the entire paraphernalia taken to the police station as evidence against the men.

and secretary of the Alfalfa Farm-  
ing and Dairying Company, faces  
United States District Judge Trippet  
for sentence tomorrow he will prob-  
ably escape with a fine of \$1000.

Foster was to have been sentenced  
yesterday, following his conviction  
by a jury on a charge of using the  
mails in a scheme to defraud in con-  
nection with the affairs of the com-  
pany, but the Assistant United States  
District Attorney interposed a plea  
for clemency, saying that he thought the imposition of a fine of  
\$1000 would meet the ends of justice.

Judge Trippet asserted that he  
had a more severe sentence in mind,  
but stated he was willing to consider  
the recommendation of the office of  
the District Attorney, provided Fos-  
ter would pay the money. It is ex-  
pected that Foster and his friends  
will come into court tomorrow pre-  
pared to immediately pay the sum  
in question.

"But if he don't pay," said the  
court, "it will be possible for him to  
escape all punishment but a thirty-  
day sentence in the County Jail,  
through the operations of a pauper  
attorney, but I should not express my  
judgment in view of the fact that  
there are other defendants to try."

accrue to the city, he remarked, and  
the only thing the city does is to act  
as a safety deposit box for the bonds.

The Mayor has asked the City At-

tions his firm is broker for the com-  
pany writing the bonds.

The Councilman said yesterday he  
is convinced his firm has the right  
to collect these bonds. They do not  
accrue to the city, he remarked, and  
the only thing the city does is to act  
as a safety deposit box for the bonds.

The Mayor has asked the City At-  
torney for a clearer statement of his  
opinion. He also has asked Council-  
man Topham for a statement of his  
connection with the bonds, which  
statement will be submitted in a day  
or two.

NEW COURSE FOR WOMEN.

The Y.W.C.A. has added a course  
in commercial art to its list of  
studies. The new subject will include  
costume designing, colors, interior  
decoration and lettering. It will be  
directed by Miss Marion Andrews.

Big Broadway Show.

ARTISTIC OBJECT LESSON  
OF THE HOME BEAUTIFUL.

APPLICATIONS for space in the  
Broadway Flower and House Beau-  
tiful Show, which will open the 31st  
day of this month in the old Boston  
Store Building, indicate not only an  
artistic and beautiful display on a  
big scale, but a pleasing variety of  
novelties, which will be interest-  
ing, because educational.

The Show Committee, which is re-  
ceiving entries for competition in  
amateur and professional floral  
classes and applications for space

for special exhibits, started yester-  
day to prepare a comprehensive plan  
for the "home beautiful" combina-  
tion which will be harmonious and  
different than anything ever before  
attempted.

Exhibitors of house furnishings  
and decorations will display every-  
thing that goes to make the home  
beautiful inside and will especially  
emphasize in their exhibits the many  
household accessories and fittings  
that make the home attractive and  
which are peculiarly adapted to  
Southern California.

In the floral classes there will be  
keen competition by amateur and  
professional gardeners of Los An-  
geles, Pasadena, Hollywood, Santa  
Monica, Long Beach, Van Nuys and  
many other communities. There are  
over 100 classes in which prizes are  
offered and the growers are now  
nursing their chrysanthemums, ro-  
ses, dahlias and other flowers to  
get them up to high exhibition  
standard.

The thousands of people who visit  
the show will also have the oppor-  
tunity to see special non-competitive  
exhibits, comprising the choicest  
specimens from world-famous gar-  
dens. It would require weeks of  
time and many hundreds of miles  
travel to see, under ordinary condi-  
tions, the choicest flowers and plants  
that will be grouped under one  
roof at this show.

The committee will begin to allot  
space in a few days and is empha-  
sizing the importance of making  
entries or space application for any  
purpose without delay. The office  
of the committee is in room No. 3,  
Times Building.

Business Page: Citrus Fruits, Butter and Eggs Current Trade—Local Produce Market

COMMERCIAL. LOCAL PRODUCE MARKET.

For the first time in three months fresh pineapples are on the market, a shipment of the fruit from the Hawaiian Islands having arrived in Los Angeles yesterday. The market is a rather small one, only containing 40 crates, the pineapples being sold at 10 cents a pound. The best grades of grapes are higher, dealers having advanced their quotations Monday on Tokays, Moroccos and Corbinettes to \$1 and \$1.10 a box. Muscats are none too plentiful and prices for this popular variety range from 90 cents to \$1 a box.

According to the Associated Warehouse report there were 77,786 pounds of butter and 2,871,000 cases of eggs in thirty-four cold storage plants of the organization on October 9. The report shows a decrease in the amounts of both commodities in storage on the same date last year, ranging from 100,000 pounds to 1,500,000 pounds and in the case of eggs to 31,000 cases.

All kinds of potatoes have been raised and local jobbers were demanding \$2 to \$2.25 for prime northern stock Monday. Idaho Russets are selling for \$2.25 per hundred and are still in demand. The onion market is exceptionally strong and white onions are selling at 10 cents a hundred pounds. In the vegetable list tomatoes are easy and there is a lot of inferior stock on the market. The market at cheap prices, although shipping stock quotations have been lowered. Butternut squash is holding firm with a prospect of an advance in value if the recent rainstorms prove as heavy as has been estimated. There has been little doing in the rice market for the past week and values for the more popular varieties have remained unchanged.

Cassimott eggs advanced another cent a dozen on the Produce Exchange Monday morning. These eggs were heard for the commodity of 47 cents. Butternut squash is holding firm with a prospect of an advance in value if the recent rainstorms prove as heavy as has been estimated. There has been little doing in the rice market for the past week and values for the more popular varieties have remained unchanged.

## SCOPE OF MANN LAW EXTENDED.

Immoral to Sell Liquor in a Dance Hall, Says Court.

Overrules Demurrer in Case Against Mexicali Men.

Ruling Said to Strike at a Wholesale Traffic.

It is "immoral" within the meaning of the Mann White Slave Act for a woman to sell liquor in a Mexican dance hall, according to a ruling by United States District Judge Tripp yesterday. Under this interpretation of the statute he overruled the demurrer to the indictment against Warren Fabian, Lawrence Chatman, Dan Maloney, Barney Morris and F. B. Meyer, charged with taking several girls to Mexicali where they were engaged to serve drinks to customers of a dance hall conducted by Meyer, and to persons in a disorderly house next door. On motion of Asst. Dist. Atty. O'Connor the case was postponed until the January term to be set.

On the part of the defendants it was urged that there is no allegation the girls were engaged in prostitution and that "immoral purpose" in the meaning of the Mann Act refers only to that phase of social delinquency. It was argued the charges hinge on the question whether a woman who sells drinks in a public dance hall is guilty of "immoral conduct."

The court held they are, and did not mince words in saying so. He declared there were bad characters in the dance hall, to whom the girls were required to serve drinks.

"Must girls engage in debauchery to violate the law?" he asked. "I do not believe so. No one will say they were not engaged in immoral business. When a girl undertakes to serve drinks to a fallen woman she is debauched."

Federal officers declare there has been a wholesale business in securing girls for the Mexican dance halls, with the result many young women have fallen into the depths through association with the riff-raff of the border.

## COMPENSATION JUST.

Court Upholds City of Pasadena's Agreement with the Owners of Affected Property in Plan to Open and Widen a Crown City Street.

The agreement reached by the city of Pasadena and private owners interested in the opening and widening of Holly street, from Fair Oaks to Marengo avenue, fixing the compensation and damages at \$40,000, was determined by Judge Sherk to be reasonable, after he had taken testimony yesterday as to the value of the property.

The agreement was reached after the appointment of appraisers and representatives of the city of Pasadena. Then Walter E. Nichols, who is in the assessment district, but had no property taken, filed a petition in intervention, alleging the amounts awarded were excessive and asking to have the interlocutory judgment set aside.

The interlocutory judgment was set aside by the court, who fixed the trial for yesterday, but when the case was called Mr. Nichols dismissed his petition in intervention.

The largest awards are: McHenry Pierce, \$21,300; Elks' Building Association, \$16,200; Ella M. and Merrill H. Daily, \$11,000, and Samuel H. Donnell, \$11,500.

## FEARS SANATORIUM.

Water Company does not Object to Private Road Across Its Land, Supervisors Hear, but It Wants Restrictions to Protect Its Goods.

La Canada Water Company does not object to R. O. Bell building a private road across its property from Briggs avenue, La Canada, to Pickens and Millard canyons, but before the supervisors yesterday the corporation, through its attorney, demanded that Mr. Bell first pay the county for the survey made and for the thermore restrict his property to residence purposes.

The water company backed up these demands with the statement that it supplies several hundred residents of La Canada; that the private road will cross one of its main sources of water supply; that it is feared that a sanatorium may be built on Mr. Bell's property some day, and that the water supply may be polluted. Mr. Bell's attorney declared his client would never agree to these restrictions.

The supervisors gave Mr. Bell two weeks in which to reach an agreement with the directors of the water company, and decided that an adjustment must be made with the county before the board will act.

## "ACRES" VERSUS "LOTS."

Supervisors Patch Truce in Athens Street-Light War.

A delegation from Athens-on-the-Hill before the Supervisors yesterday brought to a focus the fight between the "acres" and the "lots." The acres declined to pay for ornamental posts erected for the lots. The clash lined up on opposite sides of the controversy east of Main street and west of Main street, and the retort courteous was passed more than once during the hearing.

Supervisor Hinshaw finally found a solution of the trouble by advising a new lighting district, which will give the residents east of Main street are lighted and west of Main street are lighted from Highland avenue to One Hundred and Twenty-eighth street. Except when there is unobstructed access Main street is to have ornamental lights.

## BROKER BANKRUPT.

Trevor H. Young, an insurance broker of this city, filed a petition in bankruptcy in the United States District Court yesterday. He gives his liabilities as \$4000, and his assets as \$1845, of which \$165 is the alleged value of an automobile.

## The Public Service.

At the City Hall.  
BREAD ORDINANCE MEETS APPROVAL.

WELFARE COMMITTEE OF CITY COUNCIL FAVORS IT.

New Law Fixing Standard Weight of Loaves Recommended for Passage, with Amendment Exempting the Special Kinds Sold to Hotels and Restaurants.

The proposed bread ordinance fixing the standard weight of loaves at twelve and twenty-four ounces was approved by the Welfare Committee of the Council yesterday with an amendment exempting all bread sold to cafes, hotels and restaurants and intended for consumption on the premises and not for resale. The City Attorney will redraft it for presentation to the Council.

The committee denied requests to exempt French bread, twists, rye, raisin, bran, nut and other kinds of bread. Members of the committee said the ordinance is intended to give proper weight and protect the public.

Several bakers present spoke in support of the ordinance and said it would be beneficial to the trade. Others said they feared it will start price wars and one claimed that by exempting bread sold to hotels and restaurants it becomes class legislation.

The committee declined to include a section making it obligatory to wrap bread. Chairman Lindsey and Councilmen Conwell and Topham said if the public demands it it can have it, but they do not propose to insist on wrappers, which would add to the cost.

## DILLY-DALLYING.

"We have been dilly-dallying for eight or ten months; apparently we are not going to get an ordinance." This was the comment of Councilman Wright when another jitney bus ordinance was held up yesterday by the refusal of two other members of the Council to assent to the suspension of the rules so it might be passed.

This new ordinance regulates the operation of motor buses and interurban buses, but does not include sightseeing buses, hotel buses, taxicabs or passenger-carrying vehicles which stand in a garage subject to call.

By a vote of five to three the Council eliminated a clause which stated that nothing in the ordinance shall be construed to mean that the Board of Public Utilities has no authority to deny full and sufficient service of motor buses on any street. It was held that the clause would nullify the section which states that the board must be satisfied, in granting permits, that the public convenience and necessity are subserved.

In order to meet the objections of the Baltimore Hotel owners to the funding from hamburger sandwich wagons penetrating the rooms and corridors, the Welfare Committee of the Council yesterday decided to recommend closing of the half block of Los Angeles street between Fifth and Sixth to the wagons.

## Power Conference Today.

A conference regarding the power situation will be held at the Mayor's office this morning at 10:30 o'clock, between representatives of the city and the three-power companies. The Mayor said it will be in the nature of a "get-together meeting."

## Municipal Fish Wharf.

Mayor Woodman visited the harbor yesterday to inspect the work being done on the addition to the municipal fish wharf for the wholesalers and the structures for the Pacific Steamship Company, the combined cost of which will be \$200,000.

## City Hall Notes.

Asserting that some of the assessments are unfair, property owners who are to pay for the opening and widening of Hoover street from Vernon avenue to Fifty-second street, asked the Council to revise them. The matter was referred to the City Attorney for a report as to the Council's jurisdiction.

Money was appropriated by the Council yesterday to pay the expenses of Dr. George Roth, assistant health officer, to the convention of the League of California Municipalities at Visalia.

Councilwoman Lindsey will hold her usual "at home" at her office in the south annex of the City Hall tomorrow afternoon from 1 to 3 o'clock.

## ON ASSAULT CHARGE.

Man Who Ran Amuck and Beat Wife Suddenly Finds Self in Jail.

Raymond Contreras found himself in jail yesterday when he came to a full understanding of his whereabouts. It was all the result of running amuck in his own home, where he is alleged to have threatened to kill his wife with the revolver with he beat her. He also struck his baby over the head with a rake handle and abused everyone who came near, according to Deputy Sheriff Modie and Swezey, who arrested him. He was not found at home, but in a brick kiln several miles from there. The charge against him is assault.

BORKMAN CASE OUT OF LOCAL COURTS.

SENSATIONAL DIVORCE ACTION DUPLICATED IN NEBRASKA.

Judge Dismisses Los Angeles Bill when it is Shown that Decree has Already been Entered for Woman Who Named Two Co-respondents Against Husband's Four.

The Bjorkman divorce suit, one of the most sensational ever filed in the local courts, involving two women named by Mrs. Bertha Bjorkman, and four men by E. H. Bjorkman, was dismissed by Judge Wood yesterday on the showing made that Mrs. Bjorkman had recently obtained a decree of divorce in Nebraska and the custody of her daughter.

It appeared that after filing that suit, Mrs. Bjorkman came to California and brought suit here. Yesterday she told Judge Wood her husband's attorneys advised her to go to Nebraska and press that suit, which she did. A certified copy of the Nebraska decree was offered to the court.

## IN AND OUT ABOUT THE COURTS.

SPARS FOR TIME. Earl J. Mohan, trainer of boxers, believes now that he has a position with a film company as a comedian, that he can make up the back payment of alimony to his wife, Gertrude Mohan, ordered by Judge Wood, pending the trial of her divorce suit. He made this statement to the court yesterday when he was asked why he had failed to toe the scratch.

WHEELER ESTATE. The estate of Henry Huntington Wheeler, who died on the 2nd inst., is valued now in excess of \$50,000, according to the petition for the probate of the will filed yesterday by the Los Angeles Trust and Savings Bank. The legatees are the widow, Adeline Lincoln Wheeler, Alfred H. W. Wheeler, the

ON TRIAL FOR MURDER. Jose Serajon, charged with the murder of Pasquel Ramirez, was placed on trial yesterday in the court of Judge Willis. The alleged murder was committed at Van Nuys on the night of June 18 and came about as the result of a quarrel between the two Mexicans over the attentions of a young woman. Deputy District Attorney Selph, stated that the case would probably be concluded today, the greater part of yesterday having been occupied in the selection of a jury.

MUST STAY CLOSED. Judge Wood yesterday denied the motion of William T. Martin, 72 years old, to reopen his suit for divorce against Mary L. Martin. The trial of the divorce action resulted in the court denying him a decree on the ground of desertion. Mr. Martin was a member of the Board of Supervisors when the Courthouse was built.

## COAT DAY

Our Fifth Semi-Annual

Garment Week

—This is much more than a sale event—it is the showing of the very newest styles as they have been created and approved in New York! Every garment just as new as can be—sent to us by express, and received just in time to be unpacked, inspected and sent to the department to be sold at its "Garment Week Price," which, as you will see, is dollars under value!

—Oh, how wonderful they all are—and such a great lot of them—and all at \$19.75, the special "Garment Week Price," which has a great economy meaning to you.

—Flare and belted models, following the very lines most fashionable just now.

—Coats of wool velour, zibeline, corduroy, novelty cloths, mixtures and chinchilla.

—Most of them with the great, large cape collars, so extremely smart! On you you'll note those novelty patch pockets and large, fancy-cut cuffs that add so much to their appearance.

—Full-lined, half-lined, and unlined models—in those that are lined, you see plain and figured silks.

—Truly, the coat sensation of the season—at \$19.75.

## The Big Show Is Here

ONCE a year window displays over North America find in a display called International Newspaper Window Display Week.

It is now going on. Many of our merchants are participating as never before by looking at the windows filled with newspaper advertisements and bearing the signs giving the reason for their presence.

When thousands of dealers in nearly 400 of the principal cities of North America concentrate in one week on one kind of a display window, it comes pretty near being The Big Show.

It is in fact the most impressive advertising demonstration ever held anywhere—the
